Why ONE ePayment?

ePayment context and mission

Why ONE ePayment?

In today's world, the pandemic reinforced major shifts in payments behavior: **declining cash usage, migration from in-store to online commerce, adoption of instant payments**. Cash payments declined by 16 percent globally in 2020[1]. Based on Drewry's latest white paper, large costs, inefficiencies, pain points and lack of automation results in the **total cost of invoicing and payment processing to the maritime industry of $34.4 bn annually[2]**. Therefore, ONE introduces the ePayment portal with three missions:

Enjoy a convenient and secure payment experience
Experience a stress-free, instant payment for faster cargo release

Make payment anywhere and anytime

[1]: McKinsey, "Global payments 2021: Transformation amid turbulent undercurrents":
[2]: Drewry Maritime Research, "Invoicing and payment processes in global container shipping: ready for disruption?"

# To build a win-win relationship between ONE and customers

What is ONE ePayment?

ePayment features

ONE ePayment
