ONE Launches New “Day ONE” Service Network

Ocean Network Express (ONE) to implement new worldwide service network from April 2018.

Following ONE’s landmark release of our East-West services, offered through membership in THE Alliance, ONE is proud to announce the full design of our inaugural “Day ONE” global network. Focused to provide a world class level of quality and reliability, each product has been developed to exceed the expectations of the market and to provide clients with the highest level of customer satisfaction.

The new and innovative product design will deploy a fleet of more than 200 modern container vessels and will set a new standard for efficient container transportation. The comprehensive network will connect more than 200 of the world’s major ports with fast transit time, and a wide range of direct port-to-port connections.

While further innovative enhancements and product releases are being planned, our core offering for the respective trades are as follows:

Intra-Asia

- For more information, visit [here](#)

Latin America

- For more information, visit [here](#)

Oceania

- For more information, visit [here](#)

Africa

- For more information, visit [here](#)

By incorporating the best practices and extensive industry experience into this new network design, ONE will change the way the world moves.
