

Senegal - Cargo Tracking Note (CTN) Implementation

Dear Valued Customer,

We would like to inform you that the Port Authority in Senegal has implemented a Container Tracking Note (CTN) system effective as from 1st March, 2019 (**BL date**).

It is mandatory for all Export cargo bound to the destination Senegal to have pre-validated CTN (Cargo Tracking Note) per commodity item which need to be mentioned on Cargo Manifest in each BL.

In Transit /Transshipment shipment via Senegal is not applicable to this regulation.

Customer compliance is a MUST, otherwise it may result to delays on cargo release. All charges and related cost will be under Shipper's responsibility.

- fine against line (100,000 XOF + VAT) - by COSEC

CTN to be issued by www.cosec.sn or www.besc-senegal.net Please visit their website for further information.

We continue to keep you informed of any further development. Should you have any questions, please contact your local ONE office.

Thank you for your support.
