ONE Jointly Conducted an Enthralling and Educational Tour with Community Chest, Care Corner SCC and NTUC Active Aging Hub

Ocean Network Express (ONE) collaborated with Community Chest (ComChest), Care Corner SCC (Student Care Corner) and NTUC Active Ageing Hub (NTUC AAH) for a joint corporate social responsibility (CSR) initiative. This 1/2 day event brought 21 students, aged 8 to 10 years old from Care Corner SCC and 26 senior residents from NTUC AAH (Kampung Admiralty) together to bond over fun, educational and engaging activities. Organized by ONE Recreation Committee (ORC), the event took place at Kampung Admiralty located in the northern part of Singapore on Saturday, 22 June 2019.

The event kicked off with a tour around the retirement village in Kampung Admiralty for the students and 14 ONE staff, introducing them on how senior residents are being taken care of and the kind of facilities and activities that are available to them. After the tour, the students, senior residents and ONE volunteers were divided into groups of 3 to participate in 3 different activities on rotation basis. The seniors taught the students calligraphy, decoration using recycled glass bottles and popcorn making. The meaningful event ended with a lovely group lunch accompanied by a voluntary performing band.

Through these activities, ONE volunteers actively worked as a communication bridge between the children and senior residents, connecting them together to create opportunities for young children to learn to interact with the seniors and for the seniors to impart their skillset and knowledge to the younger generation. The activities were fun and enthralling which both the students and senior residents wholly enjoyed.

This is the third CSR collaboration between ONE, ComChest and Care Corner SCC to support and extend the spirit of caring and sharing to provide a safe, conducive and enjoyable learning environment for children aged 7 to 14 years old.
