Dear Valued ONE Customer,

**Declaration of General Average**  
**AU1/ MV Northern Jupiter Voy.949N**  
**Incident in the Malacca Straits whilst sailing from Singapore to**  
**Port Klang on Saturday 4 January 2020**

We have been notified by the vessel owner that it has declared General Average (“GA”) on January 17, 2020 resulting from this incident

**//Outline of incident//**

*January 4, the vessel experienced a main engine fire incident whilst she was sailing from Singapore to Port Klang. The fire was extinguished, however the main engine of the vessel suffered damage.*

*The vessel was anchored in the vicinity of the Malacca Straits and was awaiting clearance from Malaysia Maritime Authorities for the vessel to be towed back to a Singapore anchorage for further assessment of the damage.*

*January 8, the vessel completed the class survey report and it was submitted together with the towage plan to Malaysia Maritime Authorities for approval.*

*January 9, the vessel received approval to be towed back to Singapore.*

*January 14, the vessel completed her towage and reached a Singapore anchorage for detailed inspection to assess the extent of damage and further plan.*

*January 17, the owner of the vessel declared General Average (“GA”).*

*The vessel is now safely anchored at the anchorage in Singapore.*

The owners have appointed Stichling Hahn Hilbrich (Hamburg & London) as Average Adjusters. They will be arranging for the collection of General Average securities from parties concerned in cargo, containers and bunkers.
