ONE Donation of Food for Dogs in Mexico

During the month of December ONE Mexico made a dog's food collection to donate to San Cristobal Dogs Shelter.

In this shelter lives more than 800 dogs that were abandoned, mistreated or born in the streets.

San Cristobal shelter permanently have the job to raise awareness in the community about the protection and animal defense, promote sterilization and pet adoption instead of buying.

On January 17th, Friday, San Cristobal Shelter visited our office and brought two puppies who were abandoned and rescued from the street. We also had the opportunity to deliver 130kg of dog's food that was donated by ONE personnel of Mexico City office.
