

AS ONE, WE CAN.

ONE Italy Donation of Containers to Red Cross

CSR ACTIVITY REPORT

Location:

Italy

Region:

Europe

Period:

April 2020

Type of Activity:

Charity

During this global pandemic, ONE has stood firm and remained open to providing any forms of contribution to the community.

In March, Red Cross Italy contacted ONE Italy requesting for the donation of containers for the purpose of storage and transportation usage.

After careful checks and evaluation internally, ONE Italy donated 11 dry containers in April, over different depots in Northern Italy. Neutralisation were completed according to stringent guidelines, including the removal of container numbers, CSC plates and company logos, with Red Cross successfully picking up the containers in May.

With the volume of donation, Red Cross expressed much gratitude and appreciation, which spurs ONE to go further even during tough periods.

We wish to express our heartfelt honour to have taken part in such an initiative.
