## Ocean Network Express Releases 2020 Sustainability Report

**29 October 2020 – Singapore** – Ocean Network Express (“ONE”) is pleased to announce the release of ONE’s 2020 Sustainability Report. This is ONE’s third annual sustainability report which follows the standards set by the independent international organization Global Reporting Initiative (GRI), the world’s most widely used standards for sustainability reporting.

The report outlines ONE’s position and commitments on key issues such as environmental, social, governance and operational excellence including details of their actions and key performance indicators from January to December 2019. The report also includes ONE’s responses to COVID-19 from January to August 2020.

The full report is available for download [HERE](#).
