

Notice of suspension for reefer imports to Dalian

23rd December 2020

Dear Valued Customers,

Considering the recent COVID-19 cases are found in Dalian, unforeseen delayed can be expected due to the needful inspections and disinfection requirements for reefers imports to Dalian. Equipment is globally tight, and turnover will be subsequently prolonged with the action taken.

In consideration of above reason(s), ONE will stop accepting bookings of all reefer commodities bound for Dalian, China, effective from loading date 23rd December 2020 until further notice.

For containers in transit, ONE will highly encourage customers to consider a change of destination to other alternative ports, especially for time-sensitive cargoes such as fresh, chilled commodities.

For containers which are already in transit to Dalian and/or being held at the transshipment port for feeder connection to Dalian, ONE will apply a specific surcharge at the time of loading as soon as feeder space is made available to Dalian.

We are closely monitoring the situation and will keep you updated concerning any further developments.

For any further inquiries, please contact your account manager or customer service representative.

Sincerely,
Ocean Network Express Pte. Ltd.
