

Notice of suspension for reefer imports to Fuzhou and Fuqing

8th December 2020

Dear Valued Customers,

Due to stricter customs inspections and disinfection requirements for reefers imports to Fuzhou and Fuqing, inbound reefer container pick-up activity at the ports of Fuzhou and Fuqing in southern China have been slow and is facing congestion.

In consideration of this situation, ONE will stop accepting bookings of all reefer commodities bound for Fuzhou and Fuqing, China, effective from loading date 8th December 2020 until further notice.

For containers in transit, ONE will highly encourage customers to consider a change of destination to other alternative ports, especially for time-sensitive cargoes such as fresh, chilled commodities.

For containers which are already in transit to Fuzhou/Fuqing and/or being held at the transshipment port for feeder connection to Fuzhou/Fuqing, ONE will apply a specific surcharge at the time of loading as soon as feeder space is made available to Fuzhou/Fuqing.

We are closely monitoring the situation and will keep you updated concerning any further developments.

For any further inquiries, please contact your account manager or customer service representative.

Sincerely,
Ocean Network Express Pte. Ltd.
