ONE Donation of Pantry Articles for the orphanage "Casa Cuna La Paz" in Mexico

On September 8 and 9, ONE Mexico organized and held "Refrigerated Cargo Seminar", a webinar reaching out to our clients. Before the commencement of the webinar, ONE Mexico promised that 1 kilogram of pantry articles would be donated for every attendee who connected and stayed till the end of the online session, to which we received positive responses.

We had the pleasure to deliver this donation to "Casa Cuna la Paz" on September 17th, an organization whose noble mission is to support and care for vulnerable children, from newborn to 6 years old, who come from dysfunctional homes and/or live in precarious situations. Currently, the orphanage houses approximately 100 children, providing them care, education, food, shelter, and clothing.

ONE Mexico is thankful to have positively contributed to the local community and will continue to make efforts in doing so.
