**Myanmar - Suspension of Import Bookings into Myanmar**

Dear Valued Customer,

Considering the severe disruptions caused by the protests, port terminals operating close to full capacity, limited availability of road transportation resources as well as internet and banking services being shut, ONE has taken the decision to temporarily suspend the import bookings into Myanmar with immediate effect.

For those shipments currently on the way, ONE will strive to get them delivered despite delays which may occur both at transshipment as well as at arrival in Myanmar. The situation will be monitored carefully by our staff which will give updates once the situation improves.

Yours faithfully,

Ocean Network Express Pte. Ltd.
