ONE Donation of Essential Items to Hidden Sprouts Special School in India

On 1st Feb 2021, a team from Visakhapatnam, India visited Hidden Sprouts, a Special School for mentally challenged children. The school guides 207 children with special needs and does incredible work by rendering compassionate care and services to them. Different types of skills, such as drawing, painting, yoga and dance, are taught to the children through digital smart classes, speech therapies and vocational courses. The overall health and well-being of the children are also overseen by the school, thereby offering them a holistic development.

Hidden Sprouts needed much support for their special children during these tough times when COVID-19 has created mass scale disruption across the globe. ONE India Vizag team procured and distributed various essential items, including sanitizers, masks, digital thermometers and oximeters, as well as books, stationeries, uniforms and groceries.

It is truly a blessing to have been a part of this initiative, and we hope that we have touched the lives of these amazing children. The school expressed much gratitude and appreciation to ONE India for their generosity to the children. ONE will continue working towards contributing to a more equitable society and remain deeply committed to our CSR goals.
