Ocean Network Express Releases 2021 Sustainability Report

<27th July 2021, Singapore> Ocean Network Express (ONE) is pleased to announce the release of their 2021 Sustainability Report.

This is ONE's 4th annual sustainability report which follows the standards set by the independent international organization Global Reporting Initiative (GRI), the world's most widely used standards for sustainability reporting. It also follows principles of the United Nations Global Compact (UNGC).

The report outlines ONE's position and commitments on key issues such as environmental, social, governance and operational excellence including details of their actions and key performance indicators from January to December 2020.

The 2021 Sustainability Report can be downloaded [here](#).
