# AS ONE, WE CAN.

ONE was established through the integration of the container business of 3 Japanese shipping companies - Kawasaki Kisen Kaisha, Ltd (“K” Line), Mitsui O.S.K. Lines, Ltd (MOL), and Nippon Yusen Kabushiki Kaisha (NYK). At ONE, our goal is to provide our customers with superior quality, competitive container shipping services, leveraging our comprehensive global network and service structures.

By incorporating the best practices from across the 3 companies, and building upon a combined 1,800,000 TEU fleet size as a strong foundation, we have continued to grow. Today, we offer more than 156 services connecting over 200 of the world’s major ports. Our Magentians from around the world are committed to provide customers with the support they need.

At ONE, customer satisfaction is key and we remain focused on offering superior quality and competitive services across our network to present our customers with the best product offerings.
