

**OCEAN NETWORK EXPRESS
MODERN SLAVERY STATEMENT**

October 2024

This statement is made pursuant to Section 54(1), of the Modern Slavery Act 2015 (UK) and constitutes Ocean Network Express Pte. Ltd. and Ocean Network Express (Europe) Ltd.'s (together as "ONE") slavery and human trafficking statement for the financial year ending 31 March 2024.

This is our fifth Modern Slavery Statement. In line with the prior statements, ONE further underscores our continued commitment to prevent modern slavery and human trafficking in global business and supply chains, through sustained efforts to document and communicate progress towards our material goals and key performance indicators ("KPIs").

OUR STRUCTURE

ONE is a global container shipping business operating worldwide with headquarters in Singapore.

OUR POLICIES ON COUNTERING MODERN DAY SLAVERY AND HUMAN TRAFFICKING

'Modern Day Slavery' is an umbrella term, which in the context of global supply chains often relates to cases where individuals are subject to human trafficking, forced labour, or servitude; or where coercion, threats or deception are used to intimidate, penalise, or deceive workers, thereby creating situations of involuntary work and exploitation.

I. ONE BUSINESS CREDO AND CODE OF CONDUCT

We are committed to ensuring that there is no Modern Day Slavery, human trafficking, forced labour or servitude in our supply chains nor in any part of our business. Our Business Credo and Code of Conduct reflects our commitment to act ethically, and with integrity in all business relationships. Our Code of Conduct, highlights this in Chapter 4: "Respect for Human Rights and Diversity of Cultures", Clause 4-4: "Prohibiting Forced Labour or Child Labour", which states that 'ONE does not engage in inhumane acts such as forced labour or child labour and ONE does not conduct trade with business enterprises engaged in such acts'. This is further enhanced in our Credo under Clause 4 'Compliance with laws and ordinances, respect for human rights', ensuring the implementation and enforcement of effective systems and controls against Modern Day Slavery within our supply chains.

II. UNITED NATIONS GLOBAL COMPACT

To be part of a global movement towards conducting business in a responsible and sustainable manner, ONE is a member of Global Compact Network Singapore (GCNS), the local chapter of the United Nations Global Compact (UNGC) network. ONE supports the ten UNGC Principles and has pledged to adopt and promote sustainable and responsible business practices. This means operating in ways that, at a minimum, meet fundamental responsibilities in the areas of human rights, labour, environment, and anti-corruption.

ONE is committed to respecting all ten principles, including Principle 4: the elimination of all forms of forced and compulsory labour.

We recognize our role in society and act in a manner that is fair and just by complying with national laws and ordinances and international norms.

DUE DILIGENCE PROCESSES IN OUR SUPPLY CHAIN

As part of our initiatives to identify and mitigate risk, we have taken steps (detailed below) to integrate sustainability and compliance into our purchasing processes, by measuring and ensuring compliance with social and environmental standards.

1. ONE SUPPLY CHAIN MANAGEMENT GUIDELINE

ONE recognises that to achieve our sustainability and compliance ambitions, we must bring our suppliers and business partners on board. Critical to our operations are terminal operators, inland and coastal transportation companies, ships and container owners, bunker suppliers, and IT vendors, without whom our core business activities cannot take place.

To ensure our high standards of sustainability and business conduct are upheld along our supply chain, ONE launched our Supply Chain Management Guideline (“**the Guideline**”). The Guideline calls on all ONE’s suppliers and business partners to respect human rights, business norms and compliance. Accordingly, the Guideline encourages–

- Elimination of forced, bonded or child labour
- Compliance with labour-related laws and regulations of each country
- Equal terms of employment and treatment
- Improvement of working environment concerning safety and health
- Fair wages treatment

Procurement staff are required to share the Guideline with potential vendors: [Supply Chain Management Guideline](#)

2. MONITORING AND REVIEW

ONE has taken steps to ensure that there is no Modern Day Slavery or human trafficking in any part of our business.

The Corporate & Innovation Division in GHQ has responsibility for implementing this statement and providing adequate resources to ensure that Modern Day Slavery is not taking place within ONE’s business or its supply chains. Additionally, ONE undertakes an annual EcoVadis¹ sustainability assessment comprising 21 sustainability criteria definitions, with 4 measures being of direct pertinence to Modern Slavery issues.

¹ EcoVadis is the world’s most trusted evidence-based assessment platform with a global network of over 90,000 companies.

As ONE continues to expand our scope of operations, we recognize that our risk landscape continues to evolve. In view of this, ONE undertakes an annual review of our measures to combat Modern Slavery, to ensure adequate coverage and governance.

The table below outlines ONE's progress and future action:

3. TRAINING

ONE's e-learning platform provides all employees with perpetual access to Modern Slavery training resources, reinforcing organisation-wide awareness of ONE's commitment to recognise and eradicate the risks of Modern Day Slavery in our operations, business landscape and supply chains.

In addition to the e-learning platform, other forms of training are provided on Modern Slavery. Our SmartCard on Modern Slavery provides readily accessible information on the Modern Slavery Act (MSA) as well as our internal policies. The information on this SmartCard has been used to provide several training sessions across our organisation and region.

The roll-out of 'Bitesize' Awareness Training on Modern Slavery seeks to enhance awareness in the organisation surrounding what constitutes Modern Slavery, the risks in the shipping industry and what ONE does to counteract them. This will be an effective tool to educate and engage the organisation as we will be measuring awareness via a questionnaire.

ONE's Annual Compliance Refresher Quiz includes questions on Modern Slavery to assess employee awareness. The employees' awareness level for FY2023 is 81%.

4. WHISTLEBLOWING PROGRAMME

All employees are educated on the ONE Hotline System, our whistleblowing programme, which seeks to encourage the effective communication and identification of potential violations of applicable laws, including the MSA internal rules and procedures, ONE Business Credo, ONE Code of Conduct, and the ONE Hotline System Guideline. At present, no reports have ever been made pertaining to Modern Slavery. Reports made to the ONE Hotline System will be promptly investigated and, where appropriate, disciplinary action will be taken. Employees who make a report in good faith will be protected from retaliation.

KEY HIGHLIGHTS SINCE LAST PUBLICATION

As part of our continuous improvement and review process, ONE has undertaken further actions since the previous Modern Slavery Statement:

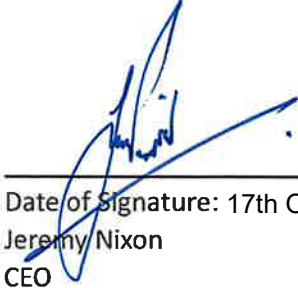

- Review and update of ONE's internal Procurement Policy
- Preparations ongoing for the incorporation of the EU Corporate Sustainability Reporting Directive (CSRD) which highlight the importance of Social Sustainability when reporting under this Directive.

While a significant proportion of our employees are based in countries with low Modern Slavery risks, with established legal frameworks and a broad cultural awareness that safeguards human and labour rights, ONE has reviewed the need for a Modern Slavery Risk Assessment. In light of our expansion, ONE will trial a Modern Slavery Risk Assessment in the Europe and Africa Region for FY2024/2025. As a responsible global ocean carrier, ONE is committed to continually improving our efforts to eradicate Modern Slavery and human trafficking in our business and broader network.
